

# **ATTENTION**

## **ALL PARENTS, GUARDIANS, & STUDENTS**

The school year is just about here and if prior to the beginning of the school year, you will need a letter, note, or form prepared or completed by your physician regarding the student's health care at this office (including diagnosis, medications, permissions, treatment, etc.), we are requesting that you have the form in this office at least **one week** prior to the time you will need it.

Your compliance with this request will assure that you have all your papers completed, signed, and back in your possession **on time**.

Remember **to avoid disappointment and delays**, please do not wait until the last minute to request a letter, note, and/or completion of a form needed prior to the start of school.

**Thanks in advance for your anticipated cooperation,  
Carolina Asthma and Allergy Center, PA**
